PROJECT EXPERIENCE

Bucket List Adventures — Travel Web App

- Designed UI for ASP.Net Core MVC Web application.
- Implemented a CRUD pattern to manage a persistent data storage in conjunction with SQL to allow users to save and edit search results.
- Built multiple API integrations to work together for cohesive UX.

WORK EXPERIENCE

Career Sabbatical to be Caregiver — Self-Employed

Kailua-Kona, HI & Arnold, MO

2019 - Present

- Manage multiple schedules and tasks using agile.
- Create daily routines with built-in flexibility.
- Leverage leadership skills to educate, mentor and problem solve.

Circulation Distribution Assistant — West Hawaii Today,

Kailua-Kona, HI

2017 - 2019

- Created, reviewed, updated, prepared, and produced daily paperwork for 40+ delivery carriers.
- Oversaw the production and distribution of two different newspapers, West Hawaii Today and Hilo Tribune Herald, on a daily basis by working with the newspaper production team in conjunction with supervising 40+ delivery carriers to ensure all products are being distributed in accordance with company policies and procedures..
- Administered and verified delivery of single copy, daily and non-daily products to independent contractors, subscribers and retailers.

WWOOFer Caretaker & Landscaper — Various Farms,

Captain Cook, HI

2014-2017

- Provided assistance to over 5 different farms in Hawaii as a volunteer participant of the WWOOF program (World Wide Opportunities on Organic Farms) to learn about sustainability and organic farming.
